

GYNEM PRICELIST

EGG DONATION BASIC PACKAGE:

€4,800

Price includes:

Guarantee of 1 good quality embryo for transfer
 Airport transfer and taxi fare for first visit to the clinic
 In-person initial consultation and compulsory pre-treatment tests
 Sexually transmitted diseases testing for the male (Hepatitis B and C, HIV, and syphilis)
 Donor selection, testing, remuneration, and medications
 Ultrasound scans and consultations with doctors
 Sperm collection and semen analysis (spermiogram)
 Fertilisation via ICSI
 Prolonged cultivation of embryos
 30% discount on 3rd cycle
 The Egg Donation Package Guarantee*

EGG DONATION COMFORT PACKAGE:

€5,700

Includes all features of the basic package plus:

Guarantee of 2 blastocyst stage embryos for transfer (one embryo transfer is included)
 One donor exclusively for one couple
 3rd cycle for free
 The Egg Donation Package Guarantee*

Deposit for the Egg donation packages: €2,000

Not included in the price:

Medications for recipient: €150 – €200
 Cryopreservation (freezing of surplus embryos): €500 - €700
 Frozen embryo transfer (if you have frozen embryos): €900

***The Egg Donation Package Guarantee**

In the case of the basic package, if at least one embryo suitable for transfer is not yielded, new cycle will be provided at no extra charge.
 In the case of the comfort package, if only one blastocyst stage embryo is yielded and you do not become pregnant (negative biochemical pregnancy test), we will provide another blastocyst stage embryo free of charge and prepare FET (frozen embryo transfer).
 If there is no blastocyst achieved under the comfort package guarantee, we will provide a new cycle for free. If there aren't enough fresh eggs available from the donor we can supplement them with frozen eggs.

If the first and second fresh cycles are not successful (negative biochemical pregnancy test), a third one will be offered for free (Comfort Package) or at a 30% discount (Basic Package). This will come in the form of a shared cycle, in which case we guarantee four harvested eggs and one healthy embryo for transfer. For the guarantee to apply, sperm must be of sufficient quality (motile sperms that are not in a state of 'teratozoospermia'), and the recipient must suffer from no autoimmune diseases, natural killer (NK) cells, or uterine fibroids. Also, any frozen embryos remaining from one cycle must be used before the next fresh cycle may commence.

IVF PACKAGE:

€2,700

Price includes:

Airport transfer and taxi fare for first visit to clinic
 Ultrasound scans and consultations with doctors
 Compulsory pre-treatment tests
 STD testing (Hepatitis B and C, HIV, and syphilis)
 Sperm collection and semen analysis (spermiogram)
 Egg retrieval performed under general anaesthesia
 Fertilisation via ICSI
 Prolonged cultivation of embryos up to blastocyst stage
 If the embryo stage is reached we transfer 1 to 2 fresh embryos
 20% discount on 3rd cycle

Deposit for the IVF package: €1,000

Not included in the price:

Stimulation medications: €800 – €1,500
 ECG (for women over 40): €100

Refunds

If egg retrieval stage is not reached, although deposit of €1,000 cannot be refunded, balance of payment will no longer be due. If egg retrieval stage is reached, but no eggs are collected, a partial refund of €500 from total price will be issued to you. If, at completion of embryo culture, there is no suitable embryo for transfer, a partial refund of €200 from total price will be issued to you. All medication purchases are non-refundable.

OPTIMISED LABORATORY PACKAGE:

additional €1,200
