EGG DONATION COMFORT PACKAGE:

€5,300

Includes all features of the basic package plus:

One donor exclusively for one couple
Guaranteed minimum harvest of 6 eggs, with average harvest of 8 to 12
Guarantee of 2 blastocyst stage embryos for transfer
Standard stimulation medications for the recipient until the first pregnancy test
Sperm freezing (1 year of storage)
3rd cycle for free

*THE EGG DONATION PROGRAMME GUARANTEE

In the case of the basic package, if at least one embryo suitable for transfer is not yielded, a new donor will be provided at no extra charge. In the case of the comfort package, a new donor will be provided if fewer than six eggs are harvested or if fewer than two embryos suitable for transfer are yielded. If the first and second fresh cycles are not successful (negative biochemical pregnancy test), a third will be offered either for free (Comfort Package) or at a 30% discount (Basic Package). This will come in the form of a shared cycle, in which case we guarantee four harvested eggs and one healthy embryo for transfer. For the guarantee to apply, sperm must be of sufficient quality (in a state of 'normozoospermia'), and the recipient must suffer from no autoimmune diseases, natural killer (NK) cells, or uterine fibroids. Also, any frozen embryos remaining from one cycle must be used before the next fresh cycle may commence.
